If it comes to that, you're the hero! There goes the settings ...!! Take now the contents of these treasure chests and this bland amount, set off, find a party, beat the monsters... (. . . Don't take this seriously, are you?) Oh, and if you've ever been in trouble, talk to the townspeople,' kay? Beat all the good bosses! Take them down! ... Is that true? Be proud, proud, proud -- of course! Because you really are the greatest! I will act on behalf of the people! But geez, you're really on a high perch... Experience, experience, experience, pile it up! And find stronger party members! So you say, but I'm just a soldier; Paid vacation? Delete! Delete! Indeed, I waited with bated breath for the day you beat the ultimate boss! To restore peace to the world, to protect the peace of the land, I am directly from all the way back; I'll tell you your experience points! Fight for you, for the world, recognize our love! We are on the brink of destruction, the party has fallen; I know my level is not enough ... Your party orz has been destroyed. Oh Christ! Amen. Alas! Death shouldn't marry you! I'll give you a second chance! Your Majesty! What is it? This is...! This is not possible. Haaah?! Add More than death that is thatAAASS!! With the economic and beautiful power of your unobjectable land, of course we have talented people too! So popular! But a chronic problem is that the ruler is not forbidden; Pure to put it nicely, to put it bad ... A MORON It's genuine, all mankind is a war species, but I wouldn't say it... (OK?) Are you saying essential personality and adamability? Is this world a scrap game?! To reach the next level, thy experience points must be included by 1000, but that also needs to be more assertive! Don't give in, okay? Telissa, Broso, Nanshi, Palante, Mages are definitely maging themselves useful... With a calm smile and a will, Talking Imperially, I kept my scepter... Holit, Holit, Holit, Always the same; Monkeys keep using Holita, don't they, Horiots? It puts me, overeign, to sleep. Who do you think you are? Is this a rebellion? I'm not a hero. Rather, Major, I believe you're a hero! To restore peace to the world, to protect the peace of the land, I threw myself into the front line; I can see my approval rating going up! (H-Hey!) Fighting for Stays, for money, what does your ruler see? Regarding the drink of destruction, the Guardian dies; Death should not take the recipient! To restore peace to the world, to protect your smile, We hardly managed to scrape up information about the forces of the dark lord ... So today, I'm just sitting here in safety, as we await the real hero I don't get others to do my job, I just don't fit in with the boys... Kanji: Oh... I can not say that I will end! 3.2.1...xxxx!! King! What's he doing! Help! What's going on? Hey, I've been in contact with the princess. What's a hero? No, I don't. Hmm, that's right! You are a hero on the brink of bed setting collapse...I Now, I will travel with the contents of the treasure chest and this little amount to find my friends and knock them down... (... If you're in trouble, why don't you talk to the townspeople? You can beat the boss at all! I can defeat you! Ma the De! It's just, of course, it's really the biggest, so people want to look at it, it's too much of a line of sight from above. Experience valuable experience gained and find a stronger companion! I'm a soldier, and I'm a paid tourist. Delete! I look forward to the day you will beat Rasbos! To regain world peace, to protect the peace of the country, I will command at the back of the back Let me tell you your experience, our love to fight for the world for you, our lovers, who fight for the world also die and are on the verge of extinction After all levels are not enough ... Orz Your party has been wiped out. Oh, my God! Amen! I can't tell you. I'll finish! Then give it to you again! King, what is it? Already! ... I can't do it no more. Well! If you make a weak sound, you will have to make more noise! Of course, our country, which has both economic and military power, has great human resources, but a terrible problem is the freedom of the head of state. O.BA.KA Really All humanity is a fighting race (OK?) Is Ukiyo a cooperative game and adaptability is very important?! You need a little more 1000 points to get to the next level. Terissa Borosso Zansi Palont The wizard is used to it, but he has a lot of fun with a smile on his back. Holit Holit Holit The monk is a holit and stupid? Who's Antara sleeping with? Now, is that a rebellion? I'm not a hero. I'd rather think the king is a hero! To regain world peace, to protect the peace of the country, I put myself on the front line, and the increase in approval rating is 24! (Oikora) King fights for money for the sake of see what Konoe also dies and is on the verge of extinction. To bring about world peace, to protect your smile, I have gathered information regarding the Demon King's Army from life, and I am waiting for the true hero who is sitting still today. Now.
